The Private Pilot Manual is packed with useful and important information, like several of the FAA publications put together but more graphic intensive and a bit easier to read. Everything I would expect from Jeppesen. Each section ends with a summary and a list of key terms, as well as questions to help you burn the knowledge better into your mind. A fantastic book, definitely one that every ...

~~Private Pilot Manual by Sanderson, Jeppesen~~

Between the Jeppesen Private Pilot Manual and the FAR/AIM, a student has just about everything they would need to complete his or her Private Pilot Training. The illustrations in the book are probably the finest of the flight training manuals that I've seen. The book is expensive, but in my opinion, it's worth the cost.
